Subject: THANK YOU

Dear Stephanie,

Congratulations on getting the board positions filled in. You looked so happy yesterday! I hope this means that you will get more help.

It was great to see you this past Saturday at our 2nd annual arts festival. Over 120 visual artists, musicians and performers participated and over 450 people of all ages, artists and non artists, local and from all over LA, visited Blue Roof Studios to see the exhibits and performances, listen to music and play along with the drum circle. Kids and adults loved the workshops and kept asking when it would happen again. We will begin planning the 2020 festival in the fall.

Aside from the rich art program we were also able to offer, as you know, valet and food. We served 600 meals and 400 popsicles. All free and open to all. We are particularly proud with the support and participation we received from several cultural institutions such as: Self Help Graphics, CAAM, ESMoA, VPAM, LAND and LACMA. In addition, The Getty and USC sent us volunteers for the day. Photos and video are coming soon.

None of that would have been possible without CANN DU generous support!

Thank you!

Galia
